Event Recommendations

To ensure that your Ribbon Cutting celebration is a successful event, we encourage our hosts to:

- Send out invitations to customers, friends, and family and promote on your social media sites
- Send out a press release to local media announcing your upcoming celebration
- Add excitement to your celebration by offering discounts and door prizes
- Plan a spot for the cutting of the Ribbon, logo in the background, outside pictures in front of your space
- Be sure to provide hors d'oeuvres and refreshments for those who attend. We recommend soft drinks, beer and/or wine. If you need a caterer, be sure to check the NACC website directory at <https://napervilleilcoc.wliinc23.com/Catering>
- Dedicate time to provide tours of your business space to your guests
- Display your literature and give out promotional items
- Please feel free to do as much or as little as you would like to "showcase" your business. We want you to be creative and comfortable with hosting your celebration
- Please note that once your event is promoted, we strongly suggest there be no changes to the date and time.
