

Introducing a health plan built for Illinois businesses

Through the UnitedHealthcare Community Chamber Program, Illinois Chamber of Commerce members gain access to members-only benefits, including group rates on a level-funded employee health plan.

Save up to 40% on monthly payments¹

Working side by side with the Chamber, this program provides savings of up to 40% on your health plan costs¹ compared to other UnitedHealthcare plans in Illinois. You may also get additional savings when you offer a UnitedHealthcare specialty plan like dental or vision alongside your medical plan.

The Community Chamber Program is also designed to deliver:

- **Numerous plan designs and benefits**, such as built-in pharmacy and access to virtual care
- **A large local and national network for your employees**, including over 1.7 million doctors and health care professionals, and more than 5,500 hospitals²
- **Rewards for your employees** through UnitedHealthcare Rewards, which is included in eligible employer-sponsored health plans at no additional cost. Participants may earn up to \$1,000 by completing reward activities.*
- **Support for human resources and compliance** from Mineral[®], which may help you handle even the most complex compliance issues with confidence – included as part of your UnitedHealthcare plan

If medical and pharmacy claims costs are lower than expected, your plan may even receive a potential surplus refund.³ Additionally, as a Chamber member, your small business may receive an extra 5% savings on monthly payments. To qualify, your business must maintain an active Chamber membership. To learn more, ask your broker or get started with a no-obligation quote today at uhc.com/il-chamber.
